

M/y Taipan III Summary Information

Taipan III presents four decks of luxurious living in an elegant, state-of-the-art motor yacht. A unique bridge deck boat house stores Taipan's 25-foot center console fishing tender out of view, preserving the sun deck for lounging in the heated Jacuzzi, relaxing at the tended bar or on the built-in chaise lounge.

Taipan III is a showpiece of Italian and American design and construction. Originally built as the Royal Yacht for the Emir of Bahrain, this Italian-built yacht was transformed by American craftsmen and skilled Shipwrights into a fabulous yacht for the millennium and beyond. Beautifully outfitted with custom furnishings and antiques, Taipan III provides royal treatment for all who cruise aboard her.

MAIN DECK & SYSTEMS

The main deck is the center of social life aboard Taipan III. In addition to the other spacious salons, this deck encompasses the casual and inviting Aft deck lounge and the dining salon.

Cozy seating groups surround the spectacular Octagonal bar. In pleasant weather the windows are removed, creating the atmosphere of a tropical verandah. The spiral staircase leads to a unique Sky lounge.

A pair of antique, hand carved, gold-leafed statues of Buddha cast watchful eyes over the dining salon. This elegant room accommodates 14 guests for silver service dining, and many more for elegant buffets.

The dining salon can also be used for business meetings. To facilitate presentations, a full array of audio visual equipment is hidden behind the beautiful teak and marble burl consoles and cabinets.

The accommodation deck features an exotic Master suite. Glowing, hand-crafted Teak joinery is carved with the Mandarin characters signifying long life, luck, good health and the Yacht's name.

Beautifully embroidered silk fabrics, plush overstuffed furniture, an entertainment center and exquisite Asian antiques complement this spacious quiet retreat.

RECREATION

The most fanciful and lighthearted space aboard Taipan is the futuristic, galactic Skylounge. Shooting stars glitter across the twinkling fiber optic ceiling while galaxies glide underfoot. A disappearing television and a hidden chair massage add to the room's mystique. The state of the art pilothouse is the yacht's command center. Curved seating provides comfort for guests to observe the yacht's operation.

No major yacht is complete without a gymnasium and an office. Located just Aft of the Bridge, the Gym has a treadmill, two stationary bikes, a multi-function weight machine and free weights. Besides a panoramic Vista, this room is equipped with a TV/VCR for viewing exercise tapes as well as a stereo for entertainment. A separate hydrotherapy room gives it all the features of a fitness club.

For captains of industry who must keep abreast of the world's economic developments even when away from the office, Taipan features a private command station. Satellite links provide instantaneous voice, fax and data communication to any place on the globe.
